

THIRD YEAR.

MAYSVILLE, KY., WEDNESDAY, AUGUST 8, 1894.

ONE CENT.

MAYSVILLE WEATHER.

What We May Expect For The Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.

White star—Fair.
Blue—Rain or snow.
With black dots—Very warm.
If black beneath—Colder—It will be.
Unless black's shown—no change we'll see.

The above forecasts are made for a period of thirty-six hours, ending at 6 o'clock to-morrow evening.

APPENDICITIS—THE LATEST FAD.

Have you got the new disorder?
If you haven't, 'tis in order.
To succumb to it at once without delay,
It is called appendicitis—
Very different from gastritis.
Or the common trash diseases of the day.
It creates a happy frolic,
Something like a winter colic.
That has often jarred our inner organs
sore;
Only wrestles with the wealthy,
And otherwise most healthy—
Having got it, then you're nigh to kingdom
come.

Midway down your intestine,
Its interstices infest.
It's little ally, blind and dark as night,
Leading of simply nowhere.
Catching all stray things that go there;
As a pocket, it is clearly out of sight.
It is prone to stop and grapple
With the seed of cramp or colic,
Or a soldier button swallowed with your pie.
Having invited on these chateaus,
Then begin internal battles
That are apt to end in mania in the day.

Once located, never doubt it,
You would never be without it.
It's a sad anatomy that's gay:
Old heart failure and pueria
Have decamped and gone to pieces,
And dyspepsia has fallen by the way.

Then stand back there, diabetes,
For here comes appendicitis.
With a brood of minor troubles on the wing;
So, verily, here's the hope
You'll withstand all drastic dosing,
And earn the appellation, "Uncrowned King!"

The great annual event in Central Kentucky is the Lexington Fair, which is set for the week of August 28th to September 1st.

A well-proportioned woman wears a shoe whose number is half that of her glove; for instance, if her glove is No. 6, her shoe should be No. 3.

Judge J. M. Collins of Covington, who has been seriously ill at Healing Springs, Va., is much improved and is now on a fair road to permanent health.

Citizens of Mayslick are requested to meet at Oddfellows Hall Saturday, August 23rd, at 3 p. m., for the purpose of organizing a cemetery company.

Donney F. Detrow, who gave his residence as near Maysville, was arrested at Portsmouth on a charge of burglarizing the residence of John Bodman at Sugar Grove. Detrow says it was his first offense and he was desperate, owing to not being able to secure work.

IS SO IF IT'S IN THE LEDGER.

Sensible—An old sea captain writes to J. C. Ayer & Co. that he never goes to sea without a supply of Ayer's Pills.

"Gov." Edgington had on such a cargo last night that it took Barney Stockdale, Frank Purnell and a horse and drag to get him and it to the Hotel de Kirin.

MURDER IN LEWIS.

Another Added to the Long Catalogue of Bloody Crimes.

A special from Vanceburg says that four months ago William Upton, aged 35, living on Upper Kinney, left his wife and two children and ran away with Zada Upton, his cousin, 15 years old.

The couple returned a month ago, and since have been living with John Upton, William's brother.

Near John's house lives Zada's father, Rev. Newton Upton.

Much bad blood has existed between William and John on one side and Zada's father and her brother Ed. on the other.

John and William went to Rev. Upton's house Monday afternoon late to raise a row with Ed.

The latter appeared with a Winchester rifle and shot William dead.

Ed. and John were taken to Vanceburg and will have their preliminary trial today.

OUR BALL CLUB.

What it is Now and What it Has Done in the Past.

In electing Mr. W. S. Watson to manage for them the locals made a wise move. Mr. Watson is one of our leading young business men, and he will be untiring in his efforts to secure the best amateur professional teams in the state to play on our grounds.

Manager Watson is more than pleased with the showing made by our boys, as well as the four men on the team drawing a salary.

On the trip up the river, in securing Fred Frank Maysville has an outfielder whose equal is not outside the National League.

Frank Bruner, who joined the locals awhile back, has developed wonderfully. He is not only pitching good ball, but his general work has made him many friends.

Charles Sparks, Maysville's new left-handed twirler, has been handicapped by sickness ever since he has been here. He has entirely recovered now, and in the game in which he is in the box he will prove that he is all that has been claimed for him.

The last but not least of the salaried quartette is George Nie. He will do the catching, and will help Maysville to many a victory by his terrific work with the stick.

With these, and Cox, Wadsworth, Rogers and the others in practice, there is not a team in Central Kentucky that has any license to defeat Maysville.

The locals have played thirty games this season. Here is a list of those that were won or lost by a close score:

Navies of Cincinnati 6, Maysville 4; Maysville 5, Ironton 7; Maysville 9, Ironton 5; Ashland 4, Maysville 5; Huntington 4, Maysville 1; (13 innings); Maysville 11, Georgetown 7.

One of the greatest victories of the season for Maysville was the game with the crack Cincinnati gymnasium team of other good clubs in the state, with whom they defeated by a score of 13 to 5.

NOTES.

The St. Louis Browns play at Lexington today.

Ben Cox resigned the Captaincy of the locals, and Henry Wadsworth was elected to succeed him.

The Mt. Sterling team has reorganized. They defeated Frankfort Monday by a score of 13 to 13.

The great Cincinnati team, which has defeated Paris, Frankfort and a number of other good clubs in the state, will play here next Friday afternoon and Saturday morning.

A ball nine from the Teachers' Institute at Aberdeen played the Maysvilles at the park yesterday afternoon. The game attracted only a small crowd. The locals played home with the teachers, and won by a score of 25 to 2.

Miss Nannie Bell is quite ill with typhoid fever at Flemingsburg.

Rev. R. G. Patrick, A. R. Glascock, James H. Hall, W. R. Warder, D. M. Runyon, John T. Parker, Robert Toile, John R. Cochran and others, representing the First Baptist Church of this city, went to Mayslick today to attend the Bracken District Association, which will be in session there the remainder of this week.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johns town, Pa., after the great flood, on account of my husband being employed there. We had several children with us two of whom took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." Twenty-five and 50 cent bottles for sale by Theo. C. Power, Druggist.

The Local U. R. K. P.'s Will Not Journey to Washington City.

Rates too high. At a meeting of Maysville Division No. 6, U. R. K. P., last night it was decided that they would not join the proposed Encampment at Washington City this fall.

The reason is that satisfactory rates cannot be made with the railroad. In lieu of the National Encampment the Divisions throughout Kentucky are preparing for a State Encampment at Woodland Park, Lexington.

NOT BUILT THAT WAY.

An Echo From a Chicago World's Fair Photograph.

There is a story about that will apply to Maysville as well as any other place.

A couple of Second street Misses had been to the World's Fair, and in the showcase of a Chicago photographer they had seen for the first time the pictures of two young ladies as they were peeping through a train newspaper.

They admired the group very much, and concluded to have their pictures taken in the same style when they came home. The plan was carried into execution recently, and the photographer proudly placed one of the pictures in his showcase. It did not stay there long. The artist had used a Cincinnati daily for the picture, right under the face of the girls was the advertisement of a clothing merchant beginning thus: "Our pants are lined in the seat."

SENSE A FOOT THICK.

What an Ex-Mayor's Man Says of the Late Strike.

Ed. L. Martin of Kansas City, an official of the Kansas City, Pittsburgh and Gulf Railroad, in a letter to his brother William of this city, has this to say of Debs and his recent monumental folly:

"The strike did not injure our road, from the fact none of our men went out, but stuck to us faithfully, and the result was we had a better business than if the strike had not occurred. As a reward for the faithfulness of our employees we advanced their wages 10 per cent, beginning today. The strike was a complete failure, as it should be. Sympathetic strikes are wrong in principle. It is nothing less than a lawless act. If A. R. U. and other labor organizations had contributed to the support of the strike, it would have cost them less and been more effective, and in addition would have elicited the sympathy of nearly every one, but when Debs ordered the strike it was a fatal blow to organized labor. I am in favor of organized labor, but not the kind that undertakes to disrupt the entire business of the country to defeat a local concern like the one to which the company by such methods that were employed in this case."

At the recent auction sale of Big Sandy river steamboat the Andy Hatcher and Sandy Valley were sold to A. Hatcher and Frank Preston for \$4,800. A Paintsville syndicate purchased the Frank Preston for \$2,500 and the Fair Play for \$2,985.

Washington, D. C., and return only \$14. On account of the meeting of Supreme Lodge and Conclave of Uniformed Ku Klux of the United States at Washington, D. C., August 27th to September 8th, the C. and O. will sell round trip tickets from Maysville to Washington at \$14. Return limit September 8th with privilege of extension until September 15th.

Mr. Thomas Baite, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." Twenty-five and 50 cent bottles for sale by Theo. C. Power, Druggist.

THANKS, AWFULLY.

A Matter of Good Judgment all the Way Through.

Covington Commonwealth.

If our good friend, the Editor of THE MAYSVILLE PUBLIC LEDGER, insists upon it, we will admit, Niagara Falls, to his judgment, which, as a rule, is pretty fair, that Judge Thomas Paynter has made a tolerably decent clerk while in Congress, and not at all a bad correspondent so far as replying to the important letters of an eager constituency is concerned. More than that, a sense of truth and justice, we are sure, will prevent our good friend from requiring of us. To do so would be as ungenerous as it would be unbecoming. A commonplace man, like the affable and agreeable Tom Paynter, can scarcely be denominated a genius under any circumstances whatever. Indeed, we will go so far as to say that the hope we expect to see the effect that a poor Congressman might develop into a good Judge is a question that is surrounded by difficulties, which it is only left to us to pray may not prove insurmountable.

There is a tariff of \$2 a keg on wire nails, while the nails are selling at \$1 65 a keg; and thus it is quite plain that "The Tariff is a Tax."

In 1870 tin plate was selling for \$12 a box. Americans went into the business; English manufacturers dropped the price to \$7—\$8 to \$10 to undersell Americans. There was no tariff sufficient to measure the difference in cost of production. Americans were driven out of business. English manufacturers secured a monopoly and put up the price again. The McKinley Bill put an additional tariff of \$1 20 a box on tin plate, and yet a year after the passage of the McKinley Bill tin plate was selling at a lower price than it had been a year before the McKinley Bill, but the price of English tin plate at our ports had dropped by the amount of the tariff.

On Saturday the gold reserve reached the unprecedented low figure of \$22,820,560. There were not as large expectations of the precious metal last week as expected, something under two million having been shipped. Further withdrawals are looked for this week, and the Administration grows weary while the tariff conferees fight over schedules and try to see how they can benefit the Sugar Trust instead of the country. If Congress were to adjourn with a tariff Bill passed the Treasury expects there would be large payments of custom duties immediately, and that the gold reserve would be replenished. They are afraid to issue bonds, considering the cry made against the last issue, and so the deplorable condition of the Treasury is permitted to continue, and from present appearances, even if relief were to be expected from the passage of the tariff Bill, that is very remote.

BATON'S PROTRACTED MEETING.

A Brief Review of Events in the Seven-Act City For the Past Week.

Communicated.
The following is taken from The Gleaner, the official organ of His Majesty's Majesty in that empire. As it relates to events in our own city, it will be read with interest:
A Prince of His Majesty, alay assisted by a body of "willing workers," and a splendid corps from the Society of Demolition, has just closed a revival service in Mayville. It was a protracted meeting of four days continuance.
The main service was held during the day on the playground. The overflow meeting and night services were held in private parlors, the theater, the parlors, the barrooms, the hall-rooms and bedrooms.
In many particulars this meeting completely outdid the union services held by the churches in the spring.
During these services a few sunrise prayers were held; but in this the workers were abroad by daylight.
In the union meetings a few of the more active workers were found on the streets; but in this the serious earnest around the corners of the streets, and in herons and ball-rooms like bees.

The union meetings of the churches were continued sometimes until 10 o'clock at night; but in this the meetings were not continuing until midnight, and in Neptune Hall more than one all-night meeting was held with untiring interest.
At the close of the union meeting of the churches, something over two thousand dollars were contributed toward defraying expenses; and that without counting the money from those who contributed nothing; but on the first day of this meeting one thousand dollars were cheerfully given for twelve weeks, and before its close, it is safe to say, that two times this sum changed hands.
In one particular the meeting has scarcely realized the hopes of its managers. It was believed, and in fact, promised by some of the "willing workers," that not without the aid of those who had abandoned the service of His Majesty during the Fite meetings, would be realized; but only a few came back to renew their fidelity to him and his kingdom.
The meeting was closed with an address from the Prince, under whose auspices it held. His remarks were earnest, eloquent and true; but owing to the fact that he accidentally dropped the silk glove from his iron hand when near the close, its peroration was entirely too plain, and will be missed. After complimentary remarks to the workers and his audience generally on their activity, liberality and zeal, and upon their partial success in reclaiming some of those he had lost, he closed with these words:
You, fathers and mothers who have contributed so liberally to furnish your sons the money for the poolrooms, and to dress your daughters for the balls, go on in your good way; and we can scarcely from your good hairs the privilege of "going down in sorrow to the grave," and you yourselves the promoter, then vote of the meeting, and so freely well steeped in sin, and when they meet you in the eternal world they will acknowledge you as the saviors of their souls.
You, young men, be faithful to the life upon which you have launched, and we promise you a harvest of idle habits, of insouciant passions, and squandered capabilities and lost opportunities that it will take you an eternity to reap.
You, young women, continue faithful to the fascinations of the ballroom, and we promise you that from among the dulleards with whom you are there associated, you shall have a husband who will break your heart by his infidelity and cloud your life with shame by his vices.
You, church members, who have so bravely turned your backs upon your religion, continue steadfast in your course, and we promise you a quiet conscience, a disengaged profession, and a religious life that will hang the heads of your Christian friends with shame and wring your Pastor's heart with grief and mortification.
For the people, one and all, farewell. We will be with you again during the Christmas Holidays.
In the meantime, be ye steadfast, unmoving, always abounding in the work of the devil, and your work will not be vain; for remember, Mr. Pitt was right when he so frequently and impressively said: "So cards, and you will reap gamblers; sow wine cups, and you will reap drunkards; sow ballrooms, and you will reap adulterers."
We repeat, this conclusion was entirely too plain. We saw the color of the meeting, and the cheeks of some of its audience as he spoke.
To be sure we were not mistaken in one impression; we followed some young professors of religion to their home. They were not happy. In fact, they were quite miserable. Through a hole in the lattice we saw them on their knees confessing their sins and asking their Savior's forgiveness. After they arose, Mary said to John:
"Is it worth while for us to try it again? We have tried to be a credit to our religion so often and failed every time."
"Resolved that it is the case of this caucus that the democratic conferees of the house and the senate should meet in a spirit of liberality to the end that the two houses, by mutual concessions, may agree upon a measure which will meet the approval of all."
Second, that this caucus stands adjourned until Friday, the 10th inst., at which time, in case no agreement has been reached, what resolution to take such resolution in the premises as it may deem necessary and appropriate; and the chairman of the house members is hereby authorized and directed to invite the democratic senators to meet with the democratic members of the house at that time in joint caucus.
Mr. Bynum spoke at length, favoring the resolutions, and was followed by Mr. Wilson, chairman of the ways and means committee, very much in the same line.
Mr. Livingston, of Georgia, offered the following resolution as a substitute for Mr. Bynum's resolution:
Resolved, That we have ultimate confidence in the house conferees and request that they present a tariff bill that will meet the pliers and principles of the republican platform of 1892.
Mr. Bynum said the adoption of this resolution would place the members of the caucus in a false light.
Remarks were made by several gentlemen but before anything definite was accomplished Speaker Crisp was recognized and took the floor.
The effect of the Bynum resolution, if passed, would be to take the house from behind the conferees and impress the senate conferees with the fact that they had to do would be to wait a week and the house conferees would come to them.
A voice—What's the use of doing anything?
Speaker Crisp—Well, if it's agreeable on all sides I am ready to move that the caucus do now adjourn.
Therewith Messrs. Bynum and Livingston withdrew their resolutions, and the caucus adjourned sine die.
On learning of the action of the caucus Senator Gorman said: "The house conferees refused to do anything. They will not agree, they will only consent to report a disagreement. They are just forty-eight hours longer in which to make up their minds to something. If at the end of that time they are not agreed to an agreement, a disagreement the senate will cut the gordian knot. We will strike the sugar schedule out of the bill and substitute free sugar."
Wants Congress to Adjourn.
WASHINGTON, Aug. 8.—L. A. Russell, the free trade democrat of Cleveland, has telegraphed Senator Bruce and James Johnson that, as nothing can be expected of the present representatives of democracy, congress ought to be adjourned until next year, and a good vote of prevention. It is in old English, and hard to read and understand.

WASHINGTON, Aug. 8.—The event of the day was the caucus of the members of the house. Nothing was done because Speaker Crisp, chairman Wilson and the house conferees had supporters enough on hand to outvote the Springer-Bynum faction. This action of the caucus was disappointing to its promoters, who had hoped for a different result, whereby a speedy settlement of the matters in dispute between the two houses might be reached.
Another disappointment awaited those present in that Mr. Wilson, the chairman of the ways and means committee, failed to inform the caucus what progress the conferees had made, what propositions had been advanced and rejected by the representatives of the two houses, and when, in his opinion, a report could be made. Nor did Speaker Crisp, who spoke at length, throw any light on the situation.
For the most part, the caucus was an agreement might be reached at the early of the day, while he dampened the spirits of those who are present for an early adjournment by saying that congress would remain in session ninety days, but that a tariff bill satisfactory to the country would be passed.
A feature of the proceedings was the statement made by Mr. Bynum, of Louisiana, on the authority of "our Mills, of Texas, that the house must recede from its objections to the senate amendments and agree to them if the passage of a tariff bill is expected.
Mr. Holman, the chairman of the caucus committee, presided. The roll call disclosed the presence of 308 members, an unusually large number. Mr. Bynum, of Indiana, who was the moving spirit in securing a caucus, then offered the following resolution:
Whereas, House bill 4664 for the reduction of taxation and to provide revenue for the payment of the public debt, passed the house on the first day of February and the senate on the third day of July, and was sent to the conferees on the first day of July last; and
Whereas, the commercial interests of the country have been in suspense awaiting a final settlement of the question; and
Whereas, the people of the whole country have, through the public press and by petitions and numerous bills of Congress, expressed a manly and speedy decision that the industries, as soon as possible, be adjusted to the production of goods and services;
Therefore, the conferees appointed by the two houses to meet and free conference over the disagreeing votes of the two houses have the honor to declare in a spirit of liberality for one month and have failed to come to any agreement whatever; and
Whereas, the house of representatives, which under the constitution of the United States is clothed with the exclusive power to originate bills raising revenue and is therefore clothed with the right to pass upon all amendments proposed by the senate, free and without restraint; and
Whereas, the members of the house of representatives have not availed themselves of an opportunity to consider said senate amendments and of them, which right, under the parliamentary law, is superior to all others;
Whereas, it is currently believed that said conferees are unable to agree; that
Resolved, That it is the sense of this caucus that the democratic conferees of the house and the senate should meet in a spirit of liberality to the end that the two houses, by mutual concessions, may agree upon a measure which will meet the approval of all.
Second, that this caucus stands adjourned until Friday, the 10th inst., at which time, in case no agreement has been reached, what resolution to take such resolution in the premises as it may deem necessary and appropriate; and the chairman of the house members is hereby authorized and directed to invite the democratic senators to meet with the democratic members of the house at that time in joint caucus.

Another disappointment awaited those present in that Mr. Wilson, the chairman of the ways and means committee, failed to inform the caucus what progress the conferees had made, what propositions had been advanced and rejected by the representatives of the two houses, and when, in his opinion, a report could be made. Nor did Speaker Crisp, who spoke at length, throw any light on the situation.
For the most part, the caucus was an agreement might be reached at the early of the day, while he dampened the spirits of those who are present for an early adjournment by saying that congress would remain in session ninety days, but that a tariff bill satisfactory to the country would be passed.
A feature of the proceedings was the statement made by Mr. Bynum, of Louisiana, on the authority of "our Mills, of Texas, that the house must recede from its objections to the senate amendments and agree to them if the passage of a tariff bill is expected.
Mr. Holman, the chairman of the caucus committee, presided. The roll call disclosed the presence of 308 members, an unusually large number. Mr. Bynum, of Indiana, who was the moving spirit in securing a caucus, then offered the following resolution:
Whereas, House bill 4664 for the reduction of taxation and to provide revenue for the payment of the public debt, passed the house on the first day of February and the senate on the third day of July, and was sent to the conferees on the first day of July last; and
Whereas, the commercial interests of the country have been in suspense awaiting a final settlement of the question; and
Whereas, the people of the whole country have, through the public press and by petitions and numerous bills of Congress, expressed a manly and speedy decision that the industries, as soon as possible, be adjusted to the production of goods and services;
Therefore, the conferees appointed by the two houses to meet and free conference over the disagreeing votes of the two houses have the honor to declare in a spirit of liberality for one month and have failed to come to any agreement whatever; and
Whereas, the house of representatives, which under the constitution of the United States is clothed with the exclusive power to originate bills raising revenue and is therefore clothed with the right to pass upon all amendments proposed by the senate, free and without restraint; and
Whereas, the members of the house of representatives have not availed themselves of an opportunity to consider said senate amendments and of them, which right, under the parliamentary law, is superior to all others;
Whereas, it is currently believed that said conferees are unable to agree; that
Resolved, That it is the sense of this caucus that the democratic conferees of the house and the senate should meet in a spirit of liberality to the end that the two houses, by mutual concessions, may agree upon a measure which will meet the approval of all.
Second, that this caucus stands adjourned until Friday, the 10th inst., at which time, in case no agreement has been reached, what resolution to take such resolution in the premises as it may deem necessary and appropriate; and the chairman of the house members is hereby authorized and directed to invite the democratic senators to meet with the democratic members of the house at that time in joint caucus.
Mr. Bynum spoke at length, favoring the resolutions, and was followed by Mr. Wilson, chairman of the ways and means committee, very much in the same line.
Mr. Livingston, of Georgia, offered the following resolution as a substitute for Mr. Bynum's resolution:
Resolved, That we have ultimate confidence in the house conferees and request that they present a tariff bill that will meet the pliers and principles of the republican platform of 1892.
Mr. Bynum said the adoption of this resolution would place the members of the caucus in a false light.
Remarks were made by several gentlemen but before anything definite was accomplished Speaker Crisp was recognized and took the floor.
The effect of the Bynum resolution, if passed, would be to take the house from behind the conferees and impress the senate conferees with the fact that they had to do would be to wait a week and the house conferees would come to them.
A voice—What's the use of doing anything?
Speaker Crisp—Well, if it's agreeable on all sides I am ready to move that the caucus do now adjourn.
Therewith Messrs. Bynum and Livingston withdrew their resolutions, and the caucus adjourned sine die.
On learning of the action of the caucus Senator Gorman said: "The house conferees refused to do anything. They will not agree, they will only consent to report a disagreement. They are just forty-eight hours longer in which to make up their minds to something. If at the end of that time they are not agreed to an agreement, a disagreement the senate will cut the gordian knot. We will strike the sugar schedule out of the bill and substitute free sugar."
